NO. 102.

MIDDLEBURG.

Those who are raising a winter crop of tobacco, will perhaps find that it does not require as much work, besides the use of paragon for the destruction of worms is not required.

J. J. Hogue, our hustling buckster, is being favorably spoken of as a candidate for jailer. Mr. Hogue is one of the best of fellows and should he offer he will make the race interesting to J. P. Richardson, the republican candidate, and don't you forget it.

Everybody here was glad that "old man Josh Swope" got there with both feet in the late primary in Lincoln. "Uncle Josh" is much liked by our people, in fact he is about a half Casey county man anyway. He had a brother that lived here several years.

Judge W. M. Myers and wife attended the funeral of Mrs. J. C. Coulter here Saturday. L. S. Brown of Dunnville was here Saturday. He returned by way of Liberty. McD. Fogle came over from Lexington where he is in school, and spent Sunday and Monday with the homefolks.

Jas. Winkle was acquitted of the charge of detaining a woman, at his examining trial at Yosemite Saturday. There was considerable interest manifested in the case and quite a crowd was in attendance. C. F. Montgomery county attorney represented the State, and Hon. N. H. W. Aaron the defendant.

The funeral service of Mrs. Nannie T. Coulter, wife of J. C. Coulter, who died on Wednesday February 17th, took place at the Baptist church here Saturday afternoon, with a large concourse of people in attendance. Rev. Joseph Montgomery preached a very touching funeral discourse, after which the remains were laid to rest in Middleburg cemetery. Mrs. Coulter was nearly 60 years of age, was a member of the Christian church, and a good woman in every particular. She leaves a husband and three daughters who are deserving of much sympathy in this their great bereavement.

CHURCH MATTERS.

Rev. J. Murray Taylor, of the Baptist church, who was called by the Fairmount Baptist church, has declined and will continue to preach for the Stanford church, we are glad to state.

The M. E. church, South, at London, is planning to build a \$10,000 brick church building to replace the one destroyed by the recent fire. The organization is one of the strongest in that part of the State.

Subject at the Methodist church Sunday morning: "Saul the Sinner and Paul the Apostle." Epworth League Service at 6:30 P. M., Subject: "The Study of China. T. W. Barker will preach at McKinney Sunday at 3 P. M.

Rev. R. T. Zimmerman has just died in Bath county, aged 80. During his long ministry he married 3,000 couples, but in a measure atoned for it by baptizing 5,000 people. It is hoped, therefore, that St. Peter won't be too hard on him.

Echoes from the Anti-Saloon League Convention held in Louisville last week will be given at the Presbyterian church Sunday night Feb. 28. Revs. T. W. Barker and D. M. Walker will speak. Special music will be rendered and a helpful service promised. Come and bring your friend.

Complaint is made that the righteous crowd the revival meetings in Boston so that the sinner and ungodly can scarcely appear. This is often the case. The sinner has to go away back and sit down, if he can get a seat, and come at great trial and tribulation, if he forces himself to the front.

MATRIMONIAL.

Miss Sylvia Green, daughter of Mrs. Hetty Green, of New York, was married at Morristown, N. J., to Matthew Astor Wilks.

Invitations are out to the wedding of Miss Lucy Lee Mahan to Mr. James H. Spillman, of Harrodsburg, at the home of Mr. Dave Jackson, March 3.—London Sentinel.

Mr. L. H. Willis, of Wilmore, announces the engagement of his daughter, Miss Emeline I. Willis, to Henry C. McConnell, of Lexington. The wedding will be solemnized on April 14.

J. W. McGuire, a prominent young man, of Livingston, and an employee of the L. & N., and Miss Mamie Boone, the beautiful and accomplished daughter of Mr. and Mrs. William Boone, were united in marriage at the home of the bride Wednesday evening by Eld. J. G. Livingston. A number of handsome bridal presents were received, which attested the popularity of the couple. They will make their home at Livingston, where the best wishes of all attend them.

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c. Box. Sold by Penny's Drug Store.

McKINNEY.

Col. Hall Anderson has been ill for a week, but is improving.

J. S. Murphy has received a car load of nice seed oats. Call on him if you need anything in that line.

Rev. Garland Singleton passed thro' here en route to Grove, Casey county, where he filled Rev. Noel's pulpit.

If some public spirited man who has the capital, would build some houses here for rent, he would find it a paying investment. A dozen houses could be rented out within a week.

The Columbia Singletree Co., R. H. Coleman, general manager, has begun operations with a force of 15 good men. Miss Josephine Coleman, sister of the general manager, will be typewriter and corresponding secretary.

Cleo Thomas, of Columbia, is with us again. He will probably work for the Columbia Singletree Co. Miss Etta Root is visiting in Danville and Lexington. R. S. Scudder has returned from the Lexington horse sales, where he sold his team of sorrel geldings for \$1,650. He also sold The Wonder, his three-year-old Rex Peavine stallion for \$500. Considering the make up this horse, most people think he was sold very low. It is a pity that such an animal has left the county.

At the recent National Canners' Convention in Louisville there was organized The Kentucky Packers' Association, of which E. J. Tanner, of this place, was elected president. It is not generally known but it is a fact that Kentucky already leads the world as the packer of fine tomatoes and bids fair to take a leading place as a packer of fine vegetables and fruits. It is suggested that the Kentucky Packers' Association hold its first meeting at Frankfort next May, during the meeting of the Kentucky Retail Grocers' Association. Both organizations are good and will be very useful.

IN NEIGHBORING COUNTIES.

Fire destroyed the store and stock of goods of Sam G. McElroy at Lebanon. Col. H. M. Stitt, the oldest living locomotive engineer, died at Carlisle this week.

J. C. S. Bronaugh, a prominent attorney and citizen of Nicholasville, died at Martinsville, Ind., Tuesday.

After being a fugitive for two years, Capt. George Adams, formerly conductor on the Lexington division of the Chesapeake & Ohio railroad, has been captured at Pittsburg, Kan., and returned to Catlettsburg, where he is charged with criminal assault.

Jesse Curtis and Jack Hardin, two young men of Richmond, engaged in a desperate revolver fight in a livery stable. As a result young Curtis is dangerously wounded, two bullets having pierced his abdomen, one going entirely through, while young Hardin's foot was badly splintered by a bullet.

Rushing into Parksville almost breathless a strange man, giving his name as L. Isidor Friend, of Milwaukee, Wis., declared the world was coming to an immediate end and he wanted the people to prepare themselves quickly for the judgment day. He was arrested and placed in jail, charged with being of unsound mind.

Warren Pittman and Alonzo Woford were trailed by bloodhounds into the knobs near Mitchellsburg and captured by Sheriff Coulter, Deputy Harbeson and Detective Montgomery, of Boyle. Thousands of chickens have been stolen in that county and bloodhounds were employed to trail down the alleged thieves. Pittman and Woford bore splendid reputations and their arrest on this charge has created a sensation. Both are in jail.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It is a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at Penny's Drug Store.

MR. BRYAN says that if his party shall demand that he be a candidate for President again, he will make the race, but Mr. Bryan having so signally failed as a Moses to lead us out of the wilderness, he will hardly ever be drafted again. Even the third time failed to prove the charm.

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by Penny's Drug Store.

Milton McCormack has gone to Hot Springs for a few weeks before beginning his work as pitcher in the Blue Grass League. Miss Lizzie Phillips, of Liberty, was the guest of Judge and Mrs. Wm. Myers. Miss Melle Hopper is visiting Miss Pearl Keiser in Cincinnati. Mrs. W. J. Campbell, who has been suffering with rheumatism for some weeks, left Monday for Hot Springs accompanied by Dr. Bertie Carpenter, who will remain with her. Wm. On Wednesday morning Feb. 10, 1909, Miss Beulah McCrosby, of Mercer county, was united in marriage to James W. North, son of Hon. M. F. North, of this county. The ceremony was performed at the home of the bride by Rev. Frank Thompson, after which Mr. and Mrs. North left for an extended trip to Jacksonville, Fla. The wedding was a beautiful culmination to the bright hopes of two strong, earnest young natures. Loving hands had made the home an exquisite floral setting for the charming panorama that moved within to tender strains of the Mendelssohn wedding chorus. Mr. Stanley McCrosby and Miss Annie North, brother and sister of the bride and groom, led the march, followed by the contracting parties. The bride was gowned in a handsome blue traveling suit and carried a bouquet of bride's roses. They were the recipients of many beautiful presents of silver and cut glass. May the brightness of that royal day be an earnest of the future that awaits them.

It won't be long till the old courthouse now standing on court square will be a thing of the past and in its stead placed a magnificent structure that the coming generations will enjoy and justice will be dealt out with dispatch by those in whom the people have imposed the responsible trust. An old saying goes: "Fools build houses and wise men live in them." Don't let that be the case in this instance. Democrats, we beg of you to get together, if you be apart. Bury your political differences and let that party which we love and gave our allegiance to years ago as the best to govern and rule all the people, triumph over Republicanism and Bossism in Lincoln county. Tell us, Mr. Republican, is it not known that the Ring and Federal Officeholders' Machine in this county, are holding all the committee-men's places or Federal jobs? They are not the ones on the "outside looking in?" One of the outsiders was given a "little red plum" last year in the way of a nomination for county judge, W. Russell Dillon. It is charged by his friends that he didn't receive the cordial and warm support from the ring and machine for that office, but as to that charge being correct, we do not know nor do we care, but we do implore our own household to put its members at the great wheel of democracy and majorities unheard of before in old Lincoln will be rolled up for the splendid ticket that stands at our mast head. The INTERIOR JOURNAL promises to do its duty and we ask all true and loyal democrats to do likewise. We propose to let the rank and file of the republican party of Lincoln county know who has been and are getting the juicy and luscious plums of their party and those boys in the trenches who help to do the work of their party get the icy stare only when election time comes around and then it is only a "Billy Taft" smile.

THAT was a terrific call down of President Roosevelt by the Senate subcommittee which decided to bring in a report that he acted without authority in consenting to the absorption of the Tennessee Coal and Iron Co. by the United States Steel corporation. The report severely criticizes the president for directing the attorney general not to institute prosecutions under the anti-trust act. It must be like wormwood and gall for the president to have his authority questioned, and to have his motives impugned is awful.

NEARLY every Legislature has bills presented to tax bachelors, but they never come to a head. One is before the New Mexico Legislature now to tax bachelors from 25 to 45, \$10 a year and widowers \$25 a year. The reason the latter figure is so high is probably because of the fear that having tried it once, widowers will be shy of matrimony again. The amount realized is to help support old maids.

ALL aboard for the Bradley Special. Speak now or forever hold your tongue. Those who don't go needn't ask for office for the next six years.

A VIRGINIA Negro who assaulted and murdered a young girl was tried and sentenced to death within 24 hours after she died. He confessed. The execution is to occur March 22. The speedy trial saved him from a mob, and it is doubtful that in such cases the fiends ought to be saved from them. One phase of the trial shows the difference in the law there and in Kentucky. The dispatch says that "on his confession the judge immediately sentenced the Negro," without the intervention of a jury. A judge has not that power in this State, but we can see no good reason why he should not have in certain cases, where a jury is simply an automaton.

MAIL order husbands do not generally pan out well, as Miss Frances Livingston, of Boyd, Wis., has discovered. She advertised for one and got over 1,000 responses. She selected one whom she thought would fill the bill, but he fell down so completely on what she expected that in less than a month she set him adrift. To get even with the rest of them she is going to publish a book of the letters she received in response to her advertisement with names and all and a thousand or more bachelors and widowers are on the anxious seat. The moral is, let women or men who advertise for husbands or wives severely alone.

MR. TAFT has bought a horse for his personal use from a Virginia breeder. He is described as being a powerful bloody-bay gelding, with black points, six years of age. He is of the hunter type, 17 hands high, 1,250 pounds in weight, and is described as an ideal weight carrier, with the best of manners. Poor fellow! He is to be pitied. Those three hundred pounds will test the power of his spinal column.

In some districts of Kentucky the amount that a magistrate can earn is so small that the office goes a-begging. In Philadelphia such officials get \$3,500 a year and, not satisfied, are petitioning the Legislature for an increase to \$5,000, as much as our Appellate Judge receive.

Gov. HASKELL, of Oklahoma, intimates that he will take some judicial action against Roosevelt after his retirement from office. In other words, he's going to treat him to a taste of his own medicine, and here's hoping he will.

Gov. PATTERSON, of Tennessee, may not agree with Mr. Watterson that no prohibitionist can be a Democrat, but he probably has an idea that no Tennessee Legislator can be a Patterson adherent.

GERONIMO and Gen. Phil Sheridan have at last met on the happy hunting grounds, and the latter has been more than ever convinced that the only good Indian is a dead one.

It appears that 657 tramps were killed on the Pennsylvania railroad last year. That's about as good a way to get rid of the nuisances as any that could be devised.

THE Louisville Post makes a terrific arraignment of Senator Bradley, but Editor Knott himself is in sympathy with the devil and in league with hell, so to speak.

In the Cooper trial at Nashville, the rule of the sinking steamers is being followed regarding admission to the courtroom—Women and children first.

A DOCTOR claims that laziness is a disease that will yield to treatment. We suppose the treatment is the application of a black snake whip.

THE movement to take the tariff out of politics ought to give way to a movement to take politics out of the tariff.

Senator Jack Chinn, of Mercer, before leaving for California Wednesday, announced himself for speaker of the next House of Representatives, making the seventh entry in the field.

In his speech before the republican committee meeting at Louisville, Senator Bradley declared that it would not do for officeholders and candidates to name officers of conventions. He said if officeholders and candidates select the officers of conventions this year Louisville would go Democratic.

President-elect Taft was the central figure in the celebration by the University of Pennsylvania of the anniversary of the birth of George Washington. The exercises took place in the old Academy of Music, in Philadelphia, into which 4,000 persons crowded. Mr. Taft was enthusiastically received.

The Louisville Post says that during the committee meeting in Louisville Senator Bradley would go to a group of the faithful and shake hands with them all but the one he wanted to show his contempt for. Samuel J. Roberts, of the Lexington Leader, was the victim of this stunt, but at last accounts he was able to sit up, take notice and swallow a little nourishment. Samivel, old boy, we are sorry for you. You can't get anything for six years to come, unless you hasten to make peace with the Senator. He isn't so unrelenting if you go at him right.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—cures blood pressure away from pain centers. Its effect is charming, pleasingly delightful, gentle though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

WILDER.—John Wilder, aged 21, son of William Wilder, of near Hubble, died Wednesday of consumption. He had been ill for some time. Mr. Wilder was a hard-working, honorable young man. Services were conducted by Rev. D. M. Walker yesterday at 11:30 o'clock and his remains were buried in Buffalo Springs cemetery. He was unmarried.

THE St. Asaph creek never was as high as it was Tuesday. It poured down rain all day and in the afternoon it was so high that some of the colored fraternity on the "creek" had to move out of their houses, in order to keep from being washed out. We are glad to see the creek get a good cleaning out, as it was badly needed. Logan's creek at Rowland was swollen out of its banks and Dix river is at a high point.

COULTER.—Mrs. Nannie Coulter, wife of Mr. James Coulter, of Middleburg, died Wednesday at her late home there of a complication of troubles. Mrs. Coulter was about 60 years of age, a member of the Christian church and a most excellent woman in every respect. Her remains were consigned to the tomb on Saturday, after a beautiful service by Elder J. Q. Montgomery. Her husband and three daughters are left to mourn the loss of a loving wife and mother. A good woman has gone!

AN EXPRESSION OF GRATITUDE.—Mr. J. C. Coulter and family, of Middleburg, take this means of expressing their sincere gratitude and appreciation to all their friends and neighbors for their very kind and thoughtful attention throughout the recent bereavement, as well as to Mrs. Coulter during her illness. It is on such occasions as this that true sympathy and friendship are an untold comfort and support to the bereaved ones. The many beautiful floral tributes are likewise deeply appreciated by the entire family.

CIRCUIT COURT.—In the case of Jim Tall, colored, for shooting George Smith, which was on trial as we went to press, Monday, the jury returned a verdict of not guilty. Mack Coulter, charged with cruelty to animals, went acquit. J. F. Lippert and Lewis F. Hutchison, of Jessamine county, charged with shooting at J. B. Gilkerson, at Crab Orchard, some time ago, are on trial. There were a dozen or more character witnesses over from Jessamine county on behalf of the above gentlemen. We believe larger crowds have attended this court than any term in years.

ONCE FAMOUS SURGEON.—Dr. J. O. Cooper was notified yesterday morning of the death at Crab Orchard Sunday night of Dr. Robert G. Redd, a brother-in-law. Dr. Redd, who was 67 years of age, and once one of the most prominent military surgeons in the service of the army. It was on account of the great faith Gen. Custer had in him as a physician and surgeon that he was not a victim of the massacre at Little Big Horn, when Gen. Custer and his entire command met death at the hands of the Indians. At that time Dr. Redd was an enlisted surgeon in the United States army, he having enlisted when a young man. After his discharge from the army Dr. Redd became a surgeon for the Northern Pacific railroad, in which capacity he served for many years. Dr. Redd came to Kentucky about 10 years ago from Montana, where he had resided since he left the army. He came to Kentucky on account of failing health and went to the home of his brother, Charles A. Redd, at Crab Orchard.—Courier-Journal, 23rd.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds." SENATOR MCCREARY, of Kentucky, spoke and voted for an adequate navy. In the course of his speech the Senator said: "Armaments increase with disputes and danger, arbitration increases with peace and security. As the area of international arbitration is extended there will be increased peace and security which will be sure to warrant the decrease of armaments. National weakness invites war; military and naval strength advance peace and arbitration. If our country had no army and no navy and was not known to be formidable in war, we would not be an important factor in the great problem of arbitration for the settlement of international disputes." That is sound doctrine, and the substance of it is found in Washington's farewell address. It is not jingoism, but sound Americanism, and we are glad that it was spoken in the Senate by a democrat from Kentucky.

Tobacco Growers

Stop at W. H. HIGGINS' and see the BEMIS Transplanter for Tobacco, Tomato, Cabbage, Sweet Potatoes, &c. The transplanting can be done when the plants are ready. You do not wait for rain as each plant is watered at the roots as set and the roots are covered by dry, firm dirt, which can not bake and which retains the moisture underneath.

It will pay you to investigate before setting your plants.
